

SAFETY DATA SHEET

info@deffner-johann.de | +49 (0)9723 9350-0

Die in diesem Produktdatenblatt genannten Spezifikationen dienen nur zur Produktbeschreibung und beziehen sich auf den Zeitpunkt unmittelbar nach der Produktion bzw. Import des Produktes. Sie entsprechen den Angaben des Herstellers. Eine rechtsverbindliche Zusicherung bestimmter Eigenschaften oder der Eignung für einen bestimmten Einsatzzweck kann hieraus nicht abgeleitet werden. Durch unsachgemäßen Transport und / oder unsachgemäße Lagerung können sich Änderungen ergeben. Die Angaben in diesem Produktdatenblatt entbinden den Verarbeiter nicht von eigener Prüfung der Eigenschaften des Produktes und dessen Eignung für die vorgesehene Verwendung.

1.1. Product identifier Kadmiumgrün hell 1.2. Relevant identified uses of the substance or mixture and uses advised against Use of the substance/preparation artists' pigments, Prohibitions and Restrictions, see section 15. 1.3. Details of the supplier of the safety data sheet Adresse: Deffner & Johann GmbH Mühläckerstraße 13 D-97520 Röthlein Tel.: +49 (0) 9723 9350-0 Fax: +49 (0) 9723 9350-25 E-Mail-Adresse: info@deffner-johann.de 1.4. Notfall-Nummer: +49 (0) 9723 9350-0 (Mo. – Fr. 7:30 – 15:00 Uhr) ECTION 2: Hazards identification *** 2.1. Classification of the substance or mixture This product is not classified hazardous in accordance with Regulation (EC) No 1272/2008. 2.2. Label elements Hazardous component(s) to be indicated on label (Regulation (EC) No. 1272/2008). Supplemental information *** E UH210 Supplemental information *** E UH210 The candium may harm lungs- and renal-function. A guideline from the institution for statutory accident insurance and prevention in the chemical industry about the handling with cadmium-pigments can be inquired. Dust loading. Contact with acids liberates toxic gas. Possible dust explosion hazard.	ade name: Kadmiumgrü	n hell				Print date: 07	7.05.20
ECTION 1: Identification of the substance/mixture and of the company/undertaking 1.1. Product identified uses of the substance or mixture and uses advised against Lackelevant Identified uses of the substance or mixture and uses advised against Use of the substance/preparation artists' pigments. Prohibitions and Restrictions, see section 15. SECTION 4: First aid measures

4.1. Description of first aid measures

General information

In case of persistent symptoms consult doctor.

After inhalation

Remove the casualty into fresh air and keep him calm. In the event of symptoms take medical treatment.

After skin contact

Wash off immediately with soap and water. Consult a doctor if skin irritation persists.

After eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical advice immediately.

After ingestion

Rinse mouth thoroughly with water. Call in a physician immediately and show him the Safety Data Sheet.

Adhere to personal protective measures when giving first aid

First aider: Pay attention to self-protection!

4.2. Most important symptoms and effects, both acute and delayed

Until now no symptoms known so far.

4.3. Indication of any immediate medical attention and special treatment needed

Hints for the physician / treatment

Treat symptomatically

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media

Water spray jet, Foam

Non suitable extinguishing media Full water jet, Carbon dioxide

ili water jet, Carbon dioxide

5.2. Special hazards arising from the substance or mixture

In the event of fire the following can be released: Poisonous metal oxides; Sulphur oxides; Carbon monoxide (CO); Carbon dioxide (CO2); Nitrogen oxides (NOx); Hydrogen halide; Irritant and harmful combustion products.

5.3. Advice for firefighters

Special protective equipment for fire-fighting

Use self-contained breathing apparatus. Wear full protective suit.

Other information

Collect contaminated fire-fighting water separately, must not be discharged into the drains. Fire residues and contaminated fire-fighting water must be disposed of in accordance with the local regulations.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Remove persons to safety. Avoid dust formation. Do not inhale dust. Use breathing apparatus if exposed to vapours/dust/aerosol. Ensure adequate ventilation. Avoid contact with skin, eyes and clothing. High risk of slipping due to leakage/spillage of product. Use personal protective clothing. Refer to protective measures listed in Sections 7 and 8.

6.2. Environmental precautions

Do not discharge into the drains/surface waters/groundwater. Do not discharge into the subsoil/soil. In case the product spills into sewage waters, immediately inform the authorities. Retain and dispose of contaminated wash water.

6.3. Methods and material for containment and cleaning up

Avoid raising dust. Dampen, pick up mechanically and dispose of. When picked up, treat material as prescribed under Section 13 "Disposal".

6.4. Reference to other sections

Information regarding Safe handling, see Section 7. Information regarding personal protective measures, see Section 8. Information regarding waste disposal, see Section 13.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Advice on safe handling

Avoid the formation and deposition of dust. Provide exhaust ventilation if dust is formed. Ensure adequate ventilation. Handle and open container with care. Provide suitable exhaust ventilation at the processing machines. Use breathing apparatus when transferring large quantities without exhaust ventilation facilities. If workplace limits are exceeded, a respiratory protection approved for this particular job must be worn. Observe the usual precautions for handling chemicals.

Advice on protection against fire and explosion

Avoid dust formation. Take action to prevent static discharges. Earthing necessary during loading operations. Keep away from sources of heat and ignition. Dust can form an explosive mixture with air. Do not smoke.

7.2. Conditions for safe storage, including any incompatibilities

Hints on storage assembly

Do not store together with: Acids, Oxidising agents, Do not store together with foodstuffs. Do not store together with animal feedstocks.

Further information on storage conditions

Keep container tightly closed and dry in a cool, well-ventilated place. Protect from direct sunlight. Protect from extreme heat and cold.

9.2. Other information			
Other information None known			
CTION 10: Stability and reactivity	/		
10.1. Reactivity			
With acids hydrogen sulphide is pro	oduced. Violent reaction under influ	ence of oxidising age	ents.
10.2. Chemical stability			
Stable under recommended storag	e and handling conditions (see sec	ion 7).	
10.3. Possibility of hazardous reac	tions		
When used as recommended, no h			
10.4. Conditions to avoid			
Static charges. Dust can form an e	xplosive mixture with air. Avoid all s	ources of ignition: he	at, sparks, open flame.
Decomposition temperature Remarks	not determined		
10.5. Incompatible materials			
Reactions with strong acids. With a Reactions with strong alkalies. Red		I. Reactions with stro	ng oxidising agents.
10.6. Hazardous decomposition pro	oducts		
Hydrogen sulfide (H2S), Poisonous Chlorine compounds	s metal oxides, Barium oxides, sulpl	าurous oxides (SOx),	nitrous oxides (NOx),
CTION 11: Toxicological informa	tion		
11.1. Information on toxicological	effects		
Acute oral toxicity Remarks	not determined		
Acute dermal toxicity Remarks	not determined		
Acute inhalational toxicity	not determined		
Remarks			
Remarks Skin corrosion/irritation	a stalstansia sel		
Remarks Skin corrosion/irritation Remarks	not determined Frequent persistent contact with t	he skin can cause sk	in irritation
Remarks Skin corrosion/irritation Remarks Remarks	not determined Frequent persistent contact with t	he skin can cause sk	in irritation.
Remarks Skin corrosion/irritation Remarks		he skin can cause sk	in irritation.
Remarks Skin corrosion/irritation Remarks Remarks Serious eye damage/irritation	Frequent persistent contact with t		in irritation.
Remarks Skin corrosion/irritation Remarks Remarks Serious eye damage/irritation Remarks Remarks Sensitization	Frequent persistent contact with t not determined Eye contact with the product may		in irritation.
Remarks Skin corrosion/irritation Remarks Remarks Serious eye damage/irritation Remarks Remarks Sensitization Remarks	Frequent persistent contact with t not determined Eye contact with the product may not determined		in irritation.
Remarks Skin corrosion/irritation Remarks Remarks Serious eye damage/irritation Remarks Remarks Sensitization	Frequent persistent contact with t not determined Eye contact with the product may not determined		in irritation.
Remarks Skin corrosion/irritation Remarks Remarks Serious eye damage/irritation Remarks Remarks Sensitization Remarks Subacute, subchronic, chronic tox	Frequent persistent contact with t not determined Eye contact with the product may not determined icity	lead to irritation.	
Remarks Skin corrosion/irritation Remarks Remarks Serious eye damage/irritation Remarks Sensitization Remarks Subacute, subchronic, chronic tox Remarks	Frequent persistent contact with t not determined Eye contact with the product may not determined icity not determined	lead to irritation.	
Remarks Skin corrosion/irritation Remarks Remarks Serious eye damage/irritation Remarks Remarks Sensitization Remarks Subacute, subchronic, chronic tox Remarks Remarks Remarks Remarks Mutagenicity	Frequent persistent contact with t not determined Eye contact with the product may not determined icity not determined Repeated or prolonged inhalation	lead to irritation.	
Remarks Skin corrosion/irritation Remarks Remarks Serious eye damage/irritation Remarks Remarks Sensitization Remarks Subacute, subchronic, chronic tox Remarks Remarks Mutagenicity Remarks Reproductive toxicity	Frequent persistent contact with t not determined Eye contact with the product may not determined icity not determined Repeated or prolonged inhalation not determined	lead to irritation.

General information not determined		
12.6. Other adverse effects		
General information not determined		
General information / ecology Ecological data are not available. Do not dis	scharge product unmonitored into the env	vironment.
ECTION 13: Disposal considerations		
13.1. Waste treatment methods		
Disposal recommendations for the product Product should be taken to a suitable and a necessary after consultation with the waste No refuse incineration.	uthorized waste disposal site in accordar	
Disposal recommendations for packaging Packaging that cannot be cleaned should be Uncontaminated packaging may be taken for		
ECTION 14: Transport information		
Land transport ADR/RID		
The product does not constitute a hazardou	s substance in land transport.	
Marine transport IMDG/GGVSee		
The product does not constitute a hazardou	s substance in sea transport.	
Air transport ICAO/IATA		

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Water Hazard Class (Germany)

Water Hazard Class (Germany) WGK 1 Remarks Derivation of

Derivation of WGK according to Annex 1 No. 5.2 AwSV

Other regulations, restrictions and prohibition regulations

ZH 1/136 "Data Sheet: Cadmium and its compounds, Cadmium chloride (M 033)"

Prohibited uses according to REACH-Regulation (EG) No. 1907/2006 Annex XVII-restrictions - 23 and amendment EU Nr. 494/2011, e.g. polymers, aqueous and non-aqueous based paints, Cadmium pigments may not be used inpaints within the EU which fall within Common Customs Tariffnumbers 3208 and

These data is based on our present knowledge and experience respectively supplier-information. This safety data sheet describes the product in regard to the requirements of safety. The information does not represent a assurance for certain properties. Existing laws and regulations are to be observed by the recipient of our products in own responsibility. It is the responsibility of the user, to determine if the product is suitable for the deliberate operational area and the respective intended purpose. A liability for damages in connection with the use of this information is excluded. Relevant changes compared with the previous version of the safety data sheet are marked with: **
