

# SAFETY DATA SHEET

info@deffner-johann.de | +49 (0)9723 9350-0

Die in diesem Produktdatenblatt genannten Spezifikationen dienen nur zur Produktbeschreibung und beziehen sich auf den Zeitpunkt unmittelbar nach der Produktion bzw. Import des Produktes. Sie entsprechen den Angaben des Herstellers. Eine rechtsverbindliche Zusicherung bestimmter Eigenschaften oder der Eignung für einen bestimmten Einsatzzweck kann hieraus nicht abgeleitet werden. Durch unsachgemäßen Transport und / oder unsachgemäße Lagerung können sich Änderungen ergeben. Die Angaben in diesem Produktdatenblatt entbinden den Verarbeiter nicht von eigener Prüfung der Eigenschaften des Produktes und dessen Eignung für die vorgesehene Verwendung.

# 4.1. Description of first aid measures

General information In case of persistent symptoms consult doctor.

ade name: Permanentgrün lichtechte Mischu	ng	Print date:02.03.20
-	Version: 1 / DE	Date revised: 20.02.202
	Replaces Version: -	/ DE
After inhalation Remove the casualty into fresh air and keep him c	alm. In the event of sympto	oms take medical treatment.
After skin contact	2 1	
Wash off immediately with soap and water. Consu	It a doctor if skin irritation p	persists.
After eye contact Rinse cautiously with water for several minutes. R Seek medical advice immediately.	emove contact lenses, if pr	resent and easy to do. Continue rinsing.
After ingestion Rinse mouth thoroughly with water. Call in a physi	cian immediately and show	whim the Safety Data Sheet
Adhere to personal protective measures when gi	•	Thin the Salety Data Sheet.
First aider: Pay attention to self-protection!		
4.2. Most important symptoms and effects, both	acute and delayed	
Until now no symptoms known so far.		
4.3. Indication of any immediate medical attentio	n and special treatment r	needed
Hints for the physician / treatment Treat symptomatically		
ECTION 5: Firefighting measures		
5.1. Extinguishing media		
Suitable extinguishing media Water spray jet, Foam		
Non suitable extinguishing media Full water jet, Carbon dioxide		
5.2. Special hazards arising from the substance	or mixture	
In the event of fire the following can be released: Nitrogen oxides (NOx); Hydrogen sulfide (H2S); H combustion products.		
5.3. Advice for firefighters		
Special protective equipment for fire-fighting Use self-contained breathing apparatus. Wear full	protective suit.	
Other information Fire residues and contaminated fire-fighting water	must be disposed of in acc	cordance with the local regulations.
ECTION 6: Accidental release measures		
6.1. Personal precautions, protective equipment	and emergency procedu	res
Avoid dust formation. Do not inhale dust. Use brea ventilation. High risk of slipping due to leakage/spi measures listed in Sections 7 and 8. Remove pers	llage of product. Use perso	
6.2. Environmental precautions		
Do not discharge into the drains/surface waters/gr of contaminated wash water.	oundwater. Do not dischar	ge into the subsoil/soil. Retain and dispose
6.3. Methods and material for containment and c	leaning up	
Avoid raising dust. Pick up mechanically. When pi	cked up, treat material as p	prescribed under Section 13 "Disposal".

# 6.4. Reference to other sections

Information regarding Safe handling, see Section 7. Information regarding personal protective measures, see Section 8. Information regarding waste disposal, see Section 13.

# **SECTION 7: Handling and storage**

# 7.1. Precautions for safe handling

# Advice on safe handling

Avoid the formation and deposition of dust. Provide exhaust ventilation if dust is formed. Ensure adequate ventilation. Handle and open container with care. Provide suitable exhaust ventilation at the processing machines. Use breathing

Test date **Calcium fluoride TRGS 903** List Value 4,0 mg/g creatinine Parameter Fluoride Testing material Urine (U) Test date Before next shift. Other information The national general dust limit must be observed. TRGS 900: Oberserve the general dust threshold.

Print date:02.03.20

# 8.2. Exposure controls

## General protective and hygiene measures

Do not inhale dust/fumes/aerosols. Avoid contact with skin and eyes. Do not eat, drink or smoke during work time. Keep away from foodstuffs and beverages. Wash hands before breaks and after work. Use barrier skin cream. Observe the usual precautions for handling chemicals. Take off immediately all contaminated clothing.

# **Respiratory protection**

If workplace limits are exceeded, a respiratory protection approved for this particular job must be worn. Particle filter P2; Use breathing apparatus in dust-laden atmosphere.

# Hand protection

Protective gloves

Observe the information of the glove manufacturers on permeability and breakthrough times and other workplace requirements.

#### Eye protection

Safety glasses with side protection shield

#### **Body protection**

Clothing as usual in the chemical industry.

#### **SECTION 9: Physical and chemical properties**

#### 9.1. Information on basic physical and chemical properties

not determined

# General information / ecology

Ecological data are not available. Do not discharge product unmonitored into the environment.

# **SECTION 13: Disposal considerations**

## 13.1. Waste treatment methods

# Disposal recommendations for the product

Product should be taken to a suitable and authorized waste disposal site in accordance with relevant regulations and if necessary after consultation with the waste disposal operator and/or the competent Authorities.

## **Disposal recommendations for packaging**

Packaging that cannot be cleaned should be disposed off as product waste. Uncontaminated packaging may be taken for recycling.

# **SECTION 14: Transport information**

#### Land transport ADR/RID

The product does not constitute a hazardous substance in land transport.

## Marine transport IMDG/GGVSee

The product does not constitute a hazardous substance in sea transport.

# Air transport ICAO/IATA

The product does not constitute a hazardous substance in air transport.

# **SECTION 15: Regulatory information**

# 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### Water Hazard Class (Germany)

Water Hazard Class (Germany)Not water hazardousRemarksDerivation of WGK according to Annex 1 No. 5.2 AwSV

#### Other regulations, restrictions and prohibition regulations

VDI 2263 "Dust fires and explosions; Danger, Evaluation, Protection measures".

#### 15.2. Chemical safety assessment

For this preparation a chemical safety assessment has not been carried out.

# **SECTION 16: Other information**

#### Abbreviations

# Supplemental information

These data is based on our present knowledge and experience respectively supplier-information. This safety data sheet describes the product in regard to the requirements of safety. The information does not represent a assurance for certain properties. Existing laws and regulations are to be observed by the recipient of our products in own responsibility. It is the responsibility of the user, to determine if the product is suitable for the deliberate operational area and the respective intended purpose. A liability for damages in connection with the use of this information is excluded. Relevant changes compared with the previous version of the safety data sheet are marked with: \*\*\*
